## Singer's Sewing Machines.
ALL PERSONS who desire to obtain all and reliable information respecting *SINGER'S SEWING MACHINES*—their price, comparative advantages, recent improvements, method of working, means of procuring them, and all of particular—can do so by applying at our Office, in person or by letter, to

No. 323 Broadway, New York,
*I. M. SINGER & CO'S GAZETTE.*

This paper is devoted entirely to the Sewing Machine interest. Copies will be supplied gratis to all interested.

N. B.—The unparalleled success of our Sewing Machines has induced several fraudulent imitations of them, besides numerous infringements of our patents—of which we own sixteen. Suits for the enjoyment of certain of these recently been decided in our favor in the U. S. Circuit Courts in New York and New Jersey. In these suits the *Finishing Stitch, Feeding the Fabric to be Sewed by the Surface of the Machine, by a rotating pressure*, which is used in all Sewing Machines—has been fully established. The Wheeler & Wilson, and the Grover and Baker Sewing Machines as well as each in many three distinct patents owned by us. We have suits against them in several of the U. S. Courts, which will soon be tried. We hereby caution the public not to buy any infringing Machines, as they can be compelled by law to stop using them, and to pay costs and damages.

Local Agents wanted to take sales of our improved sewing machines. To persons properly qualified for the business, a rare opportunity for profitable and pleasant employment is offered.

New and improved machines exchanged on liberal terms for old machines of every kind.

## THE GREATEST
## MEDICAL DISCOVERY
Of the Age.
DR. KENNEDY, of Roxbury, has discovered in one of our common pasture areas, a remedy that cures

## EVERY KIND OF HUMOR,
From the worst Scrofula down to a common Pimple.

He has tried it in over 1,000 cases, and never failed except in two cases, (both thinks himself.) He has now in his possession over two hundred certificates of its virtue, all within twenty miles of Boston.

Two bottles are warranted to cure running sore mouth.

One to three bottles will cure the worst kind of pimples on the face.

Two to three bottles will cure the worst forms of ulcers.

Two bottles are warranted to cure the worst sore on the mouth and stomach.

Three to five bottles are warranted to cure the worst case of Erysipelas.

One to two bottles are warranted to cure all humors in the eyes.

Two bottles are warranted to cure running of the ears and blotches on the face.

Four to six bottles are warranted to cure dyspepsia or stinging pains.

One bottle will cure scaly eruption of the skin.

Two to three bottles are warranted to cure the worst cases of ringworm.

Two to three bottles are warranted to cure the most desperate case of rheumatism.

Three to four bottles are warranted to cure the salt rheum.

Five to eight bottles will cure the worst cases of scrofula.

A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.

Leander, Cyndelind over a thousand bottles of this in the vicinity of Boston. I know the effect of it in every case. Sure as water will extinguish fire, so sure will this cure disease. I never sold a bottle of it but that sold another after a trial it always speaks for itself. There are two things about this I can't account for, it is so pleasant, that it seems in our patients, in some places quite plain, and yet its value has never been known until discovered it in 1849—second, that it should cure all kinds of humor.

In order to give some idea of the wonderful cures and great popularity of this discovery, I will state that in April, 1854, I peddled it, and sold about six bottles per day—in April, 1854, I sold over one thousand bottles per day.

In my own practice I always kept it strictly for humors—but since its introduction in a general family medicine, great and wonderful virtues have been found in it that I never knew myself.

Several cases of epileptic fits—a disease which was thought incurable—have been cured by three bottles. Or, what is many times more difficult in all cases of that awful malady—there are but few who have ever been there of it than I have. I know of several cases of Dropsy, all of them cured perfectly cured by it. For the various diseases of the Liver, Sick Headache, Dyspepsia, Asthma, Fever and Ague, Pain in the side, diseases of the Spine, and particularly in diseases of the Kidneys, &c., this discovery has come to be of more value than any medicine ever known.

No change of diet ever necessary—eat the best you can get and enough of it.

Directions for Use.—Adults one tablespoonful per day—Children over ten years old a dessert spoonful—Children from five to eight years, tea spoonful. All the directions can be applied to all complaints, take bottle at 6 o'clock in the forenoon and once a day.

The Principal Office for the State of Maine and the British Provinces, is at the Drug and Medicine Establishment of H. H. HAY, 16 & 17, *Market Square, Portland, Maine*, to whom all orders should be addressed. Sold by respectable Druggists throughout the United States and British Provinces.

PRICE $1.00.

## German Fly Paper.

PROF. ALCHE'S German Fly Paper, for the safe and certain destruction of *Flies, Ants, Bugs, Mosquitoes*, &c.

This valuable article is offered to the public as a deadly poison for the above named pests to all housekeepers and families.

It is perfectly simple and safe, yet sure and reliable in its action. There is no cause to APPREHEND from the insects poisoning any thing they may come in contact with, after leaving the paper, and it possesses a great advantage over all other poisons, *in its not being liable to evaporate*, thereby preventing those serious accidents which are of almost daily occurrence. It can be hung on the walls of a room, or in the window, out of the reach of children—although little fear need be apprehended of its injuring them.

Full directions on each sheet. Retail price 25 cents per sheet.

## GREAT
## American and Foreign Office
—FOR—
Securing Patents for Inventions.

AGENCY FOR BUSINESS WITH THE U. S. PATENT OFFICE, WASHINGTON.

R. H. EDDY,
No. 76 State Street, opposite Elby St.,
BOSTON.

IMPORTANT INFORMATION TO INVENTORS.—The subscriber, (late Asst. Examiner U. S. Patent Office under the Act of 1837,) determined to present advantages in applying for patents, superior to those offered inventors by others, on a more moderate scale, whereby the application is prepared and conducted by him. THIRTY DOLLARS (instead of *twenty, as paid Such by Others*) will be remitted by him in case of failure to obtain a patent, and the whole fund, through him, within thirty days after the rejection.

The Agency was established by the largest in New England, that through it inventors have advantages for obtaining patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber, and all SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, beyond this that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate. The increased practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These, besides his extensive library of legal and mechanical works, a full account of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining patents.

Caveats, Specifications, Assignments, and all Papers and Drawings necessary to the procuring of patents in this and foreign countries, prepared, and advice rendered on legal and scientific questions regarding inventions, and infringements of patents. (All the necessity of a journey to Washington to procure assistance, and the usual great delay there, are hereby saved inventors.

Copies of the claims of any patent furnished for *one dollar*. Assignments recorded at Washington. Patents secured in Great Britain, France, and all other foreign countries, through agents of the highest respectability.

R. H. EDDY, *Solicitor of Patents*.

TESTIMONIALS.

"During the time I occupied the office of Commissioner of Patents, R. H. EDDY, Esq., of Boston, did business at the Patent Office as solicitor for procuring Patents. There were few, if any, persons acting in that capacity, who had so much business in the Patent Office, and there were none who conducted it with more skill, fidelity, and success. I regard Mr. Eddy as one of the best informed and most trusty of Patent Solicitors in the United States, and have no hesitation in procuring him (as they can be simply a person more competent and trustworthy, and more capable of procuring their application in a form to secure for them an early and favorable consideration at the Patent Office.

EDMUND BURKE,
Late Commissioner of Patents."

From the present Commissioner.

"Ambler, 17 1855.—During the time I was held the office of Commissioner of Patents, R. H. Eddy, Esq., of Boston, has been extensively engaged in the transaction of business with the Office, as a Solicitor. He is thoroughly acquainted with the law, and the rules of practice of the office. I regard him as one of the most capable and efficient practitioners with whom I have had official intercourse.

CHARLES MASON,
Commissioner of Patents."

## Keep it before the People

THE ADMINISTRATION OF JOURNAL declares that THE WHIGS AND DEMOCRATS THROUGHOUT THE NATION HAVE BEEN DECEIVED WITH REGARD TO CONGRESSIONAL ELECTIONS

We defy any man to point to a single sentence in which we have declared that the Democrats would vote for Abraham Sanborn, or with that intention.

## Let Those vote Absent Voters!

Many Democratic leaders of Maine have been known to say that the Democracy of Maine could not be carried through the State election in September, if the Democrats were not allowed to vote by proxy. Let those Democrats who have principle enough to vote for Abraham Sanborn, vote as absent voters for HANNIBAL HAMLIN and EDWARD KENT, and thus secure the triumph of the Democracy in September.

It will be seen by the Journal that the Administrationists—who will not vote for Hamlin and Kent—have not the courage to vote for Sanborn openly, but are trying to get their votes counted for Hamlin and Kent by voting as absent voters. Let the Democrats who will not vote for Sanborn openly, vote as absent voters for Hamlin and Kent, and thus secure the election of the Democratic State ticket. Let no old Democrat be defeated through his honest scruples.

As to the particulars mentioned about Abraham Sanborn, we have as much have said before that he has both the interest of the Administration party at heart, and will give all the votes which he may receive. At the last election by any possibility to defeat the MUST VOTE WHICH REPUBLICANS IN CONGRESS, on the Kansas question—which issue now embraces the slavery question and nothing but the slavery question. So when the next session of Congress comes up, the question of slavery in the Territories ABRAHAM SANBORN WOULD BE BOUND TO VOTE AND MUST. If he should not so vote it would be a gross breach of faith on his part after accepting the nomination of a democratic Convention.

Abraham Sanborn is doing all he can to promote the election of James Buchanan, and to give ascendancy to the party which repealed the Missouri restriction against slavery—Abraham Sanborn is now the candidate of the party which UTTERLY REPUDIATES THE STRAIGHT WHIG RESOLUTIONS of last year, and WHICH CAN VOTE FOR ABRAHAM SANBORN!

## The Mass Republican Convention—Great Gathering of the People—Immense Enthusiasm for Fremont and Freedom.

The Republican Mass Convention held in Skowhegan yesterday (Aug. 21st) is said by old residents to have been the largest political assemblage ever held in Eastern Maine. We saw no assemblage to equal it in 1840 either in enthusiasm or numbers.

Notwithstanding that every hour of pleasant weather is a most incompatible to the farmers in securing their grain and other crops, badly injured by the recent wet weather, the people came out in great numbers at the call of patriotism and freedom, and filled the streets with enthusiastic and determined throngs, all alive with energy in the good cause of Freedom and Republicanism.

At an early hour the roads leading into the village from all quarters of the country were filled with wagons and carriages bringing people to the Convention.

From several of the neighboring places long processions of carriages and foot people arrived.

The Brewer Artillery, with their excellent band, headed a procession of about three hundred from Brewer with banners and other insignia, which they bore in Mr. Cobb's meadow. *Beyond for Freedom of Speech through out this Union*—a large delegation from Bucksport with a number of their fair maidens bearing a flag with motto all emblazoned and the motto—*Come Jack! Let's go for Fremont and Dayton. They are for Freedom.*

From Hampden a long procession arrived early, having sent one hundred wagons to meet delegations from various towns, and showing a number of vast proportions. The procession was headed by the Brewer Artillery, and the whole company numbered about one thousand.

The Hampden Company had on which the most beautiful flag we have seen, with the motto—*Hampden for Fremont and Freedom.*

The Orono Republicans had a large delegation, with flags and the motto—*Orono will be Free.*

The Old Town Fremont Club appeared in a body, and their banner bore the words—*Welcome the approach of Liberty, and Fremont and Dayton.*

Other banners from the Kenduskeag and other towns bore the mottoes—*Freedom National! Slavery Sectional!*—*Gardner and Kennebec!*—*Jim Myers and Joe Pentangs!*—*Oakhill Show!*—*Bangor Journal & &c.*

One old gentleman, born in a wagon upon a log, with stuffed *Bear* having the American flag fast to his teeth.

One of the immense teams on the Orono procession attracted great attention. It contained 31 boys, each bearing a white banner inscribed with the name of one of the States and one having Kansas dressed in mourning. The Hunter for Iowa was carried with a wolf in compliment to Col. Harding. Taken for the whole, a more glorious adjunct for the Republican ticket.

A mammoth team, heavily loaded and gaily decked, bore a beautiful representation of the Stars. It bore the great wagon with its American flag, twenty-seven long hold up between two tall poles in the wagon, with a small flag work of wood the carriage body covered with white and trimmed with evergreen and flowers, and with the Union as the motto—*Comic Jack! Let's go for Fremont and Dayton. They are for Freedom.*

The procession started from Broadway under the direction of the Chief Marshal Col. Wm. H. Hamlin, who was assisted by a large number of assistants, including the Clubs from which the delegations came, all wearing the badge of the Order of Procession, and the whole presented a most imposing appearance.

The procession was received with the most enthusiastic cheers, and Gov. Coffin accepted the hospitalities, and Gov. Coffin accepted the hospitalities of the town, and Gov. Coffin accepted the hospitalities of the town, and Gov. Coffin accepted the hospitalities of the town

THE DAILY WHIG AND COURIER

Congressional.

WASHINGTON, Aug. 28.

—Mr. Clingman called attention to the fact that the Senate had passed a joint resolution to authorize the return of the ship Resolute to the British Government. The English people were communicating with us in a friendly manner, and he thought no gentleman would object to the resolution.

Mr. Douglas said he was not satisfied that the power to purchase ships to return Arctic explorers back could not vote for the resolution appropriate money to be presented to the British Government in token of the deep interest which the United States Government in the enterprise was engaged.

The resolution was then passed.

Mr. Bigler, from the Committee on Claims, reported the amendments to the Army Bills, and they were agreed to, and the bills as amended were ordered to be engrossed for a third reading.

Mr. Toombs, in reference to the condition of things with reference to Kansas. The House allowed to its own Committee, providing that no portion of the appropriations should be used to enforce the laws relating to the Territorial Legislature. The Senate then took up the joint resolution in relation to the Army Bill, which was passed.

Mr. Crittenden stated that the Committee of Conference would not be able to agree on the Army Bill, which would leave the people of the Territory in difficulties which surrounded them.

The following is a statement in relation to the Kansas difficulties published in the New York Herald:

A similar investigation is now in progress in the Eastern States. The New York Herald, in which the following statement appears, has been conducting the investigation:

"The Laws of Kansas.

"Senator Seward, in a speech in the Senate on the 9th inst., said that SOME OF THE LAWS OF KANSAS were repulsive and infamous. Laws had found their way into the statute books of a free people in any part of the world.

"We have carefully examined the Statutes of Kansas, and we find that Senator Seward has not overstated the case. The Legislature of Kansas has enacted laws which are a disgrace to the age in which we live. Laws which are a disgrace to the age in which we live. Laws which are a disgrace to the age in which we live.
